

Puntacana Resort & Club after Hurricane María

We are pleased to share that Hurricane María passed Punta Cana without causing major damage. Puntacana Resort & Club has resumed its normal day-to-day activities. Our beachfront property, The Westin Puntacana Resort & Club, and our city hotel, Four Points by Sheraton Puntacana Village are fully operating. As scheduled, and after its renovation, our leading AAA Five Diamond hotel Tortuga Bay Puntacana Resort & Club will re-open November 1st, 2017.

Punta Cana International Airport resumed flights on Thursday 21st at noon and has continued with its regular flight services.

We are grateful that our staff and guests safely weathered the hurricane without any injury and we sincerely appreciate the overwhelming amount of support we have received.

We will continue to provide updates as additional news becomes available. For guests travelling to the Caribbean, we have room availability in both of our hotels at Puntacana Resort & Club. For more information please contact info@puntacana.com.
